Torx® screws have become common in today's work environment because of their ability to be tamper resistant. They allow for higher torque and they don't have a effect. Torx® fasteners have become very popular in the automotive, industrial and construction markets. This 11 pc. bit set features a wide range of sizes giving you the ability to fasten or unfasten the most common Torx screws. It also features a convenient storage rail that keeps bits organized and ready for use.
